## FELLOWSHIP OPPORTUNITIES

The School for Advanced Research (SAR) in Santa Fe, New Mexico, awards approximately six Resident Scholar Fellowships each year to scholars who have completed their research and analysis and who need time to think and write about topics important to the understanding of humankind. Resident scholars may approach their research from anthropology or from related fields such as history, sociology, art, and philosophy. Both humanistically and scientifically oriented scholars are encouraged to apply.

SAR provides Resident Scholars with low-cost housing and office space on campus, a stipend up to \$40,000, library assistance, and other benefits during a nine-month tenure, from September 1 through May 31. A six-month fellowship is also available for a female scholar from a developing nation, whose research promotes women's empowerment. SAR Press may consider books written by resident scholars for publication in its Resident Scholar Series.

Two-month Summer Scholar Fellowships are awarded to scholars in the social sciences, humanities, and Native arts to pursue research or writing projects.
